General Themes	All About Me and My Special People	Colour, Light and Special Times	Superheroes	All Things Bright Beautiful	Top Gear	Animal Kingdom
Characteristics of Effective Learning	<p><b>Playing and exploring:</b> Children investigate and experience things, and ‘have a go’. Children who actively participate in their own play develop a larger store of information and experiences to draw on which positively supports their learning</p> <p><b>Active learning:</b> Children concentrate and keep on trying if they encounter difficulties. They are proud of their own achievements. For children to develop into self-regulating, lifelong learners they are required to take ownership, accept challenges and learn persistence.</p> <p><b>Creating and thinking critically:</b> Children develop their own ideas and make links between these ideas. They think flexibly and rationally, drawing on previous experiences which help them to solve problems and reach conclusions.</p>					
Overarching Principles	<p><b>Unique Child:</b> Every child is unique and has the potential to be resilient, capable, confident and self-assured.</p> <p><b>Positive Relationships:</b> Children flourish with warm, strong &amp; positive partnerships between all staff and parents/carers. This promotes independence across the EYFS curriculum. Children and practitioners are NOT alone – embrace each community.</p> <p><b>Enabling environments:</b> Children learn and develop well in safe and secure environments where routines are established and where adults respond to their individual needs and passions and help them to build upon their learning over time.</p> <p><b>Learning and Development:</b> Children develop and learn at different rates (not in different ways as it stated 2017). We must be aware of children who need greater support than others.</p>

General Themes	All About Me and My Special People	Colour, Light and Special Times	Superheroes	All Things Bright Beautiful	Top Gear	Animal Kingdom
Communication and Language	The development of children's spoken language underpins all seven areas of learning and development. Children's back-and-forth interactions from an early age form the foundations for language and cognitive development. The number and quality of the conversations they have with adults and peers throughout the day in a language-rich environment is crucial. By commenting on what children are interested in or doing, and echoing back what they say with new vocabulary added, practitioners will build children's language effectively. Reading frequently to children, and engaging them actively in stories, non-fiction, rhymes and poems, and then providing them with extensive opportunities to use and embed new words in a range of contexts, will give children the opportunity to thrive. Through conversation, story-telling and role play, where children share their ideas with support and modelling from their teacher, and sensitive questioning that invites them to elaborate, children become comfortable using a rich range of vocabulary and language structures.					
Whole EYFS Focus - C&L is developed throughout the year through high quality interactions, daily group discussions, sharing circles during milk & snack time, PSHE times, stories, singing, daily story time.	<ul style="list-style-type: none"> <li>Settling in activities</li> <li>Making friends</li> <li>Retain attention for a short period of time.</li> <li>Songs and rhymes</li> <li>Follow simple instructions</li> <li>Respond to own name and simple questions.</li> <li>Ask simple questions</li> </ul>		<ul style="list-style-type: none"> <li>Listen to longer stories.</li> <li>Concentrate for longer periods.</li> <li>Understand two step instructions.</li> <li>Understand 'why' questions.</li> <li>Start a conversation with an adult or friend.</li> </ul>		<ul style="list-style-type: none"> <li>Pay attention to more than one thing at a time.</li> <li>Respond to a string of requests.</li> <li>Ask and respond to why questions.</li> <li>Start a conversation with an adult or friend and continue it for many turns.</li> </ul>

General Themes	All About Me and My Special People	Colour, Light and Special Times	Superheroes	All Things Bright Beautiful	Top Gear	Animal Kingdom
Personal, Social and Emotional Development	Children's personal, social and emotional development (PSED) is crucial for children to lead healthy and happy lives and is fundamental to their cognitive development. Underpinning their personal development are the important attachments that shape their social world. Strong, warm and supportive relationships with adults enable children to learn how to understand their own feelings and those of others. Children should be supported to manage emotions, develop a positive sense of self, set themselves simple goals, have confidence in their own abilities, to persist and wait for what they want and direct attention as necessary. Through adult modelling and guidance, they will learn how to look after their bodies, including healthy eating, and manage personal needs independently. Through supported interaction with other children, they learn how to make good friendships, co-operate and resolve conflicts peaceably. These attributes will provide a secure platform from which children can achieve at school and in later life.					
	Talking Points:	Talking Points:	Talking Points:	Talking Points:	Talking Points:	Talking Points:
Managing Self	Who are my family, who are my friends?	How are we different?	Who can help me?	What are healthy foods?	How can I keep myself safe?	Where am I going next?
Self-Regulation	Understanding Me	Understanding Others	Understanding Groups	Looking After Me	Looking After Me	Understanding Groups
Making Relationships	Book: My Daddies	Book: What Happened to You?	Book: A Superhero Like You	Book: Off to the Market	Book: Topsy and Tim: Safety First	Book: All Are Welcome

<b>Physical Development</b> <b>Fine Motor</b>  Everyday we do Dough Disco. We also make sure our provision provides children with lots of opportunities to develop their fine motor.	Physical activity is vital in children's all-round development, enabling them to pursue happy, healthy and active lives. Gross and fine motor experiences develop incrementally throughout early childhood, starting with sensory explorations and the development of a child's strength, co-ordination and positional awareness through tummy time, crawling and play movement with both objects and adults. By creating games and providing opportunities for play both indoors and outdoors, adults can support children to develop their core strength, stability, balance, spatial awareness, co-ordination and agility. Gross motor skills provide the foundation for developing healthy bodies and social and emotional well-being. Fine motor control and precision helps with hand-eye co-ordination, which is later linked to early literacy. Repeated and varied opportunities to explore and play with small world activities, puzzles, arts and crafts and the practice of using small tools, with feedback and support from adults, allow children to develop proficiency, control and confidence.					
	Threading, cutting, weaving, playdough, fine motor activities, target groups where needed. Develop muscle tone to put pencil pressure on paper. Use tools to effect changes to materials. Show preference for dominant hand. Engage children in structured activities; guide them in what to draw, write or copy. Teach and model correct letter formation.					
<b>Gross Motor</b>  Welly Wednesday starting from Autumn 1 and continues all year.  Outdoor Provision and Play all year	<b>PE Lessons: GetSet4PE - Introduction to PE Unit 2</b>  -To move around safely in space. -To follow instructions and stop safely. To stop safely and develop control when using equipment. To follow instructions and play safely as a group. To follow a path and take turns. To work co-operatively with a partner.	<b>PE Lessons: GetSet4PE - Ball Skills Unit 1</b>  -To develop rolling a ball to a target. -To develop stopping a rolling ball. -To develop accuracy when throwing to a target. To develop bouncing and catching a ball. To develop dribbling a ball with your feet. To develop kicking a ball.	<b>PE Lessons: GetSet4PE - Fundamentals Unit 1</b>  -To develop balancing whilst stationary and on the move. -To develop running and stopping. -To develop changing direction. -To develop jumping and landing. -To develop hopping and landing with control. -To explore different ways to travel.	<b>PE Lessons: GetSet4PE - Dance Unit 1</b>  -To explore different body parts and how they move. -To explore different body parts and how they move and remember and repeat actions. -To express and communicate ideas through movement exploring directions and levels. -To create movements and adapt and perform simple dance patterns. -To copy and repeat actions showing confidence and imagination. -To move with control and co-ordination, linking, copying and repeating actions.	<b>PE Lessons: GetSet4PE - Games Unit 1</b>  -To work safely and develop running and stopping. -To develop throwing and learn how to keep score. -To play games showing an understanding of the different roles within it. -To follow instructions and move safely when playing tagging games. -To work co-operatively and learn to take turns. -To work with others to play team games.	<b>PE Lessons: GetSet4PE - Gymnastics Unit 1</b>  -To copy and create shapes with your body. -To be able to create shapes whilst on apparatus. -To develop balancing and taking weight on different body parts. -To develop jumping and landing safely. -To develop rocking and rolling. -To copy and create short sequences by linking actions together.

<b>Maths</b>  We follow the Master the Curriculum Programme.	To recognise the colour red. To recognise the colour blue. To recognise the colour yellow. To recognise the colour green. To recognise the colour purple. To match objects to the correct colour name. To recognise matching buttons. To recognise matching shoes. To recognise and create matching towers. To match number shapes (Numicon). To match the same size. To match prints. To sort by size. To sort by colour. To sort by shape. To talk about what they notice about grouped objects.	To subitise the number 1. To count 1 object. To match the numeral 1 to amounts. To subitise the number 2 (dice patterns). To subitise different patterns of 2. To subitise different sizes and patterns of 2. To count 2 objects. To match the numeral 2 to amounts. To describe colour AB patterns. To create, describe and explore AB patterns with natural objects. To continue AB patterns using movement of their body. To describe colour ABC patterns and predict what will come next. To sort objects that are 2 or 3 different colours. To create, describe and explore ABC patterns with natural objects.	To subitise the number 3 (dice patterns). To subitise different patterns of 3. To subitise different sizes and patterns of 3. To count 3 objects. To match the numeral 3 to amounts. To understand the composition of 3. To recognise triangles. To count 4 objects. To match the numeral 4 to amounts. To recognise squares and rectangles. To understand the composition of 4. To count 5 objects. To match the numeral 5 to objects. To recognise pentagons. To understand the composition of 5.	To subitise the number 5. Consolidate counting. Consolidate numerals. To count 6 objects. To compare heights (tall and short). To compare the length of objects (long and short). Introduce balancing scales. Introduce mass. To investigate which objects are lighter. To investigate which objects are heavier. Introduce capacity. To explore and describe full or empty. To explore and describe nearly full or nearly empty. To compare the capacity of different containers. Consolidate length. Consolidate mass. Consolidate capacity.	To sequence pictures from a nursery rhyme. To sequence pictures from their daily routine. To sequence pictures from a familiar story. To understand the positions on and under. To understand the positions in and out. To understand the positions in front or behind. To compare groups using more than. To compare groups using fewer than. To compare groups using more than and fewer than. To identify the 2D shape circle. To identify the 2D shape triangle. To identify the 2D shape rectangles. To identify the 3D shapes cubes and cuboids. To identify the 3D shape cylinder. To identify the 3D shape sphere. Consolidate sequencing. Consolidate position. Consolidate more or fewer.	To understand the composition of 3. To understand the composition of 4. To understand the composition of 5. To explore what comes after (number line). To explore what comes after (missing number). To explore what comes after (sequence numerals to 5). To explore what comes before (number line). To explore what comes before (missing number). To explore what comes before (sequence numerals counting backwards). To identify if there are enough of each object for everyone (up to 5). To work out what number is represented by different counting cards and sequence them. Consolidate shape patterns. Consolidate more or fewer. Consolidate what comes before or after? Consolidate composition.

# FI Curriculum Plan 2024 - 2025

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
General Themes	All About Me and My Special People	Colour, Light and Special Times	Superheroes	All Things Bright Beautiful	Top Gear	Animal Kingdom
<b>Understanding the World</b>  The children attend Welly Wednesday all year.	Understanding the world involves guiding children to make sense of their physical world and their community. The frequency and range of children's personal experiences increases their knowledge and sense of the world around them – from visiting parks, libraries and museums to meeting important members of society such as police officers, nurses and firefighters. In addition, listening to a broad selection of stories, non-fiction, rhymes and poems will foster their understanding of our culturally, socially, technologically and ecologically diverse world. As well as building important knowledge, this extends their familiarity with words that support understanding across domains. Enriching and widening children's vocabulary will support later reading comprehension.					
	<b>BECOMING A SCIENTIST</b>					
	<b>Animals Including Humans</b> <ul style="list-style-type: none"> <li>To know who my family members are.</li> <li>To know the name of my body parts.</li> </ul>	<b>Light</b> <ul style="list-style-type: none"> <li>To know where light comes from.</li> <li>To know that we need light to see.</li> </ul>	<b>Materials</b> <ul style="list-style-type: none"> <li>To know that materials have different uses.</li> <li>To know that materials can change.</li> </ul>	<b>Plants</b> <ul style="list-style-type: none"> <li>To know the life cycle of a plant.</li> <li>To know what plants need to grow.</li> </ul>	<b>Forces</b> <ul style="list-style-type: none"> <li>To know how to make an object move.</li> </ul>	<b>Animals Including Humans</b> <ul style="list-style-type: none"> <li>To name different animals and know what they need to survive.</li> </ul>

Expressive Arts and Design	<p>The development of children's artistic and cultural awareness supports their imagination and creativity. It is important that children have regular opportunities to engage with the arts, enabling them to explore and play with a wide range of media and materials. The quality and variety of what children see, hear and participate in is crucial for developing their understanding, self-expression, vocabulary and ability to communicate through the arts. The frequency, repetition and depth of their experiences are fundamental to their progress in interpreting and appreciating what they hear, respond to and observe. Give children an insight into new musical worlds. Invite musicians in to play music to children and talk about it. Encourage children to listen attentively to music. Discuss changes and patterns as a piece of music develops.</p>
