

GLOW Day Spring 2025

The whole school had a blast during our GLOW Day. We left the classroom and took our learning outside for the whole day. Each class had their own fun outdoor activities to do. Here are some pictures

“I really enjoyed making the rainbows” - Martha F2

“We saw a woolly mammoth!” Cooper Y1

“I liked having the fire because it warmed us up” Eddie Y2

“The thing I loved most was going to Little Roots because I liked pulling up the massive weeds and I enjoyed the walk there and back even though it rained.” Summer Y4
