

Trent Bridge Cricket Ground

On 1st July, Year 6 visited Trent Bridge Cricket Ground, home of Nottinghamshire County Cricket Club since 1838, to see how an international sports venue works. They spent the day taking part in a variety of activities including practising cricket skills in their sports hall, playing games of kwik cricket, classroom learning around the geography of cricket, listening to a talk about the history of cricket and looking around the stadium.

A year 6 pupil was quoted as saying, "It was fantastic to visit a world class cricket ground where the England cricket team play."

A fantastic day was had by all!
