

GLOW DAYS 2025 - 2026

Our GLOW Days this year have been a fantastic success! The whole school embraced the opportunity to spend the day outdoors, whatever the weather, enjoying a wide range of exciting learning experiences.

Throughout the day, pupils took part in activities including Forest School sessions, sports challenges and outdoor learning across the curriculum. From practising key skills in maths and English outside to exploring creative and hands-on ways to learn, the children demonstrated enthusiasm, teamwork and resilience.

GLOW Days are a wonderful opportunity for pupils to connect with nature, develop their confidence and discover that learning can happen anywhere. It was fantastic to see so many smiling faces making the most of the outdoors and embracing every challenge that came their way.
