

Sport at Northfield in May

We have had another month filled with sport at Northfield, highlighting our curriculum driver 'To Be Healthy'.

The school football team has played two matches—one away at Peafield and one at home against High Oakham. They have shown great determination and teamwork in their first games as a team, and Coach Pete is really impressed with their attitude towards the matches. Two other matches have been postponed due to unforeseen circumstances. Additionally, one more match is scheduled to take place this half term, but at the time of writing, it hasn't happened yet—so best of luck to our team!

We also had Mansfield Town coaches come in to lead football sessions for everyone in school. Everyone had the chance to take part in a penalty shootout, which raised money for the school and gave the children an opportunity to win some great prizes. Thanks to everyone who donated, and well done to the children for taking part.

We look forward to more sporting events at Northfield after half term!
